Family Reunions

Did you get stuck as the family member in Chicago to arrange the next reunion? Looking for help finding hotels that fit everyone's budget, something for everyone to do, transportation, a reasonable place to eat? Are you interested in spending some of your money in the Black community? You're our favorite client. We saved the day for families that need to accommodate Big Momma, the perpetually bored teens, the Shopping Divas and the Little Ones all in the same weekend. Wanna go Stepping later on and to church on Sunday? We can do it all. Over the past 15 years, we've pulled together memorable family reunions with a minimum of fuss. Remember, though, the sooner we get started, the less drama!

Senior Groups

We love senior groups who can add a little personal flavor to our tours. We recently conducted a tour of Chicago with Englewood High School's 50th reunion. Chicago's changed a lot since some of them packed up but the stories of what's remained the same and where and how they conducted their mischief made us all howl. It is truly entertaining to get different perspectives on what the history books and oral history have to say about different people, events and scuttlebutt. Our biggest compliment: Seniors who've lived in Chicago all their lives and get off the bus with a tear in their eye telling us "I never know all that about our people in Chicago." If we don't tell it, who will.

Professional Groups

We know how jam-packed a professional convention can be. We also know that spouses and children appreciate a program that is flexible enough to allow them to lounge in the hotel room or the pool but rigorous enough to let them go home saying that they saw all of Chicago. We can't show you everything, but if you've got a couple of days in Chicago and a heavy schedule, we can take care of you and yours. We can show you the standard stuff like the Sears Tower, Michigan Avenue shopping and Chicago's Museums as well as the place where Jean Baptist Pointe DuSable founded Chicago, where our Underground Railroad operated and "neighborhood" shopping. We have hosted 30,000 member conventions and groups as small as 30.

It's important for children to understand history, especially history that they might not be familiar with or that relates specifically to them. Of course, they need a healthy dose of entertainment to help the education go down. Our Soul Side of the Windy City Tour combines important historical and cultural sites like The DuSable Museum, The Defender Newspaper, the Ebony/Jet showcase and Jesse Owens' gravesite with Michael Jordan's statue, Oprah Winfrey's studio and R. Kelly's neighborhood. We also leave time for the young ladies to go shopping and the young men to play video games. Food? Of course! We have a couple of phenomenal Black establishments in our hip pocket that you can't miss.

Foreign Groups

Black American History is a fascinating subject often glossed over by many travel agencies. Blues, Gospel, Sports, Science. We take special delight in showing visitors from overseas the Soul Side of the Windy City. Learn about how Black Chicagoans created their own society, Bronzeville, during the period of Jim Crow (segregation) laws. See how we played, worked worshiped and contributed to the growth of the City, the Country and the World and how things have changed. We'll take you past the location of the first successful open hear surgery conducted by a Black man in 1893 and the offices of Ariel Capital Management, a USD\$12Billion investment management firm. If you have time, let us invite you to be our special guest on Sunday to see some REAL gospel singing.

Church Groups

Whether you're attending a conference, bringing a Youth or Senior group, we can get you there safely and on time. If you're visiting Chicago, let us point out the history, heritage and culture of African-Americans in Chicago on the way to and from your event. We can tell you about the history and congregations of some of our leading and historical churches like Pilgrim Baptist where Thomas Dorsey wrote Amazing Grace or the oldest Black church in Chicago and the choir where Mahalia Jackson got her start.
